Commodore's Corner

Wow, it's almost like having a street named after you, my own corner. Thanks so much to all that have made this possible. Liz and I are more than happy, and honored to carry on what others have started. Is it going to be hard work, of course not? Hard work is that stuff that we all have done before, you know, raising children, caring for a home or taking care of loved ones, that's work. This is fun and the rewards are tons of laughter and meeting new friends.

Looking back over the past year there is plenty of proof. In January Dwain and Lydia were gracious hosts at their home for our winter party. What a time we all had! Of course not everyone did, Dwain made his son and daughter-in-law do the cooking.... Actually they volunteered and we all had the pleasure of meeting Katie and Scott.

Then we fast forward to February and Strictly Sail there was a small group, maybe 20 people, that stayed overnight at a hotel after working the members booth at the show. We went out to dinner and there were quite a few laughs that night. What happens at Su Casa stays at Su Casa.

In June our next event was the small contingent that went to Greece. Liz and I would have never had this opportunity had we not been members of the LMHSA. The friends that went on this trip were one of the main reasons we decided on going. We had enough laughs to last us a lifetime, so much in fact that we are hoping to do it again in 2010. What a good rallying crydo it again in 2010.

And of course in July, the rendezvous, with over 100 members in attendance. There were many high points to that weekend but what stands out the most to me was the willingness of all the members who wanted to help out any way that they could. Below is a picture of some of the volunteers. All that were able, did what ever they could to make the weekend a great success.

The Fall Meeting was held at the Key Wester in Naperville. Thanks to Evelyn Perez for organizing the meeting. The food was delicious.

Again, it is a privilege for Liz and me to do what ever we can do to keep the fun and laughter going. With a group like the one we have this should not be that much work.
