

June 2018 News Briefs

2018 Rendezvous:

Please plan on attending our 2018 Rendezvous to be held at the Racine Riverside Marina Friday, July 13 through Sunday, July 15. We have a great program planned starting with group cocktails and dinner on Friday night.

Then on Saturday, we'll have a brief meeting to outline a new idea for day cruises, along with two speakers including Keith Church from Quantum Sail and a return engagement by Kris Martinsek and Roger Kay who will tell us the "rest of their story" about moving their boat across the Gulf of Mexico last January and February. If you're a Frank Lloyd Wright buff, get ready for a custom tour of the S.C. Johnson campus on Saturday afternoon, followed by our annual dinner hosted by Racine Riverside. Music and dancing will follow presented by the fabulous Sentinels who entertained us at last year's Rendezvous.

The weekend will wrap up at breakfast on Sunday at the Racine Yacht Club.

Look for registration forms coming soon to your email inbox.

Avoid Tragedy:

Take a look at this article about electrical current in marina waters:

Spring BBQ Kicked Off Season:

We had 22 attend our Spring BBQ at the Riverside Boaters Lounge on May 19. The meeting started with a very informative presentation by Dean Steger from Boat Tailors about the care and cleaning of boat canvas. We appreciate Dean sharing his expertise with our group.

The evening wrapped up with beverages and a catered BBQ meal of ribs, brisket and pulled pork, plus all the trimmings, from the Reef Point Brewhouse. Thanks to all attending.

Kidde Fire Extinguisher Recall:

If you have this brand of fire extinguisher on board or in your house, you need to look into this important product recall:

Commodore's Corner:

Don't forget three very important things to our organization...new members, new leaders, and being part of our activities.

1. We always need and appreciate new members, boaters or not, Hunter owners or not, they are all welcome.
2. Being Commodore is a fun job and easy because of all the support that comes with it. Please think about it!
3. Attend the Rendezvous and other events. We try to make these well worth attending, and we'll miss you if you're not there.
